1 The EU Seaports Regulation in brief

- 1 General presentation
- 2 Twenty-five Frequently Asked Questions

2 Policy background

2.1 Main features of the EU seaport industry

- 3 Functions of seaports and drivers of port regulation
- 4 Distinction between port services
- 5 Public v. commercial initiative in ports
- 6 Legal status of port land and infrastructure
- 7 Legal status of port authorities
- 8 Functions of a port authority. Landlord, tool and service ports
- 9 Organization of port labour
- 10 Organization of technical-nautical services
- 11 Port reform and PPPs in ports
- 12 Economic importance of ports and port services

2.2 History of EU seaport policy

- 13 EU seaport policy up to 1997
- 14 The Green Paper on Sea Ports and Maritime Infrastructure (1997)
- 15 The EU Seaports Directive Proposals: Port Package I (2001 and 2002) and Port Package II (2004)
- 16 The EU Seaports Communication (2007)
- 17 The EU Seaports Regulation Proposal: Port Package III (2013)

2.3 Legislative process leading to the EU Seaports Regulation

- 18 Applicable procedural rules
- 19 Preparatory stakeholder consultations and studies
- 20 Preparatory Impact Assessment
- 21 Initiation of legislative procedure by the European Commission
- 22 Opinions of the national Parliaments, the European Economic and Social Committee and the Committee of the Regions
- 23 Amendments of the EU Council and the European Parliament, and 2016 Trilogue
- 24 Final adoption of the Regulation

- 2.4 Objectives of the EU Seaports Regulation
 - 25 Main objectives according to the Preamble
 - 26 Problem analysis in Explanatory Memorandum and Communication
 - 27 Problem analysis in Impact Assessment
 - 28 Identification of objectives in Impact Assessment
 - 29 Choice of policy package
 - 30 Absence of any intention to allocate specific functions to ports
 - 31 Conclusion: transparent port competition as the key principle
- 2.5 Subsidiarity and proportionality
 - 32 Treaty principles
 - 33 Claim by Commission that Proposal was in line with subsidiarity and proportionality principles
 - 34 Dissenting views concerning respect of subsidiarity and proportionality principles
- 3 Legal status
 - 3.1 A Regulation
 - 35 Supremacy, direct applicability and direct effect
 - 36 Justification of choice of a Regulation by the Commission
 - 37 Matters for which the Regulation refers to 'national law'
 - 38 Matters for which the Regulation refers to decisions by Member States – 'may' v. 'shall' provisions
 - 39 Matters for which the Regulation refers to decisions by national entities – 'may' v. 'shall' provisions
 - 40 Tasks and powers of the European Commission
 - 41 Pre-emptive effect of the EU Seaports Regulation
 - 42 Exhaustive character of Regulation's provisions. National 'gold-plating' and relationship with Treaty exceptions
 - 43 The EU Seaports Regulation v. national or local 'port regulations'
 - 3.2 Entry into force and transitional measures
 - 44 Dates of entry into force and applicability
 - 45 Transitional regime for pre-existing port service contracts. Principles
 - 46 Notion of 'port service contract'
 - 47 Regime of 'limited' port service contracts
 - 48 Regime of 'unlimited' port service contracts and contracts having 'similar effects'
 - 49 Procedure to amend 'unlimited' or 'similar' pre-existing contracts
 - 50 What compliance with the Regulation entails. Principles
 - 51 What compliance with the Regulation entails in relation to the obligation of competitive tendering
 - 52 Compensation for service providers whose contract is amended
 - 53 Impact of transitional regime on 'exempted' services
 - 3.3 Legal basis
 - 54 Freedom to provide services and freedom of establishment in the transport and seaport sectors. Principles and legal basis chosen
 - 55 Legal basis of Commission Proposal and intention to introduce freedom to provide services
 - 56 Removal of certain market access-related passages upon the initiative of the European Parliament
 - 57 Confirmation of market access principle in finally adopted Regulation

	58	Theory of direct application of free movement of services in the seaport sector. Doubts about the legality of the EU Seaports Regulation
3.4	Interpretation	
	59	Literal interpretation and language versions
	60	Precedence of the Treaty and Treaty-consistent interpretation
	61	Autonomous interpretation
	62	Teleological interpretation and effet utile principle
	63	Use of the Travaux Préparatoires
3.5	Relationship with other rules of law	
	64	Precedence of the EU Concessions and Public Procurement Directives
	65	Regime of port terminal contracts in landlord ports
	66	EU Charter of Fundamental Rights
	67	International status of ports, waterways and maritime zones
3.6	Implementation and progress reporting	
	68	Commission's initial Implementation Plan
	69	European Ports Forum
	70	Report to Parliament and Council
4	Scope of application	
4.1	Principles	
	71	Overview of provisions
	72	Regime of port services and ports outside the scope
4.2	Port services	
	73	Categories of port services covered
	74	Service provision either 'inside the port area' or 'on the waterway access to the port'
	75	Notion of 'bunkering'
	76	Notion of 'cargo-handling'. Definition
	77	Notion of 'cargo-handling'. 'Cargo'
	78	Notion of 'cargo-handling'. 'Waterborne vessels'
	79	Notion of 'cargo-handling'. Ownership of provider irrelevant
	80	Notion of 'cargo-handling'. 'Organisation' and 'handling' of cargo
	81	Notion of 'cargo-handling'. Ship-to-shore vs. ship-to-ship operations
	82	Notion of 'cargo-handling'. Import, export or transit
	83	Notion of 'cargo-handling'. In-terminal location of activities and direct relationship with transportation
	84	Notion of 'cargo-handling'. 'Processing'
	85	Notion of 'cargo-handling'. 'Lashing' and 'unlashing'
	86	Notion of 'cargo-handling'. 'Stowing', 'transporting' and 'temporary storage'
	87	Notion of 'cargo-handling'. Exclusion of 'warehousing', 'stripping', 'repackaging' and 'other value added services'
	88	Notion of 'cargo-handling'. Regime of excluded activities
	89	Notion of 'cargo-handling'. National extensions
	90	Notion of 'mooring'
	91	Notion of 'passenger services'
	92	Notion of 'collection of ship-generated waste and cargo residues'
	93	Notion of 'pilotage'
	94	Notion of 'pilotage'. Pilotage on waterways outside the competence of the managing body of the port

	95	Notion of 'pilotage'. Deep sea pilotage
	96	Notion of 'towage'
	97	Notion of 'waterway access'
	98	Port services outside the scope
4.3		Maritime ports
	99	Maritime ports of the comprehensive TEN-T Network
	100	List of ports covered
	101	'Comprehensive' v. 'core' TEN-T ports
	102	Position of non-maritime Member States
	103	Individual ports v. port groups
	104	Substantive criteria for selection as TEN-T port
	105	Ports not, or no longer, meeting substantive TEN-T criteria, or not yet added to the list of TEN-T ports
	106	Ports meeting some but not all the substantive TEN-T criteria
	107	Notion of 'maritime port'
	108	Public ports v. private ports. Irrelevance of public or private status of port managing body
	109	Maritime ports v. inland ports
	110	Cross-border element and cabotage
	111	Single-user ports, own-account ports and dedicated terminals
	112	Fishing ports
	113	Recreational ports
	114	Naval ports
	115	Ports of refuge
	116	Delimitation of port area
4.4		Special rules
	117	Overview of provisions
	118	General exception for ports of the comprehensive network in the outermost regions
	119	Specific derogations for small ports
	120	Exemption of ports not receiving public funds not allowed
	121	Extension to other ports
	122	Extension to ports of the European Economic Area
	123	Impact of 'Brexit'
	124	Exemption of non-commercial subareas
	125	Exemption of cargo-handling, passenger services and pilotage from Chapter II
	126	National extensions of Chapter II to pilotage
	127	National extensions of Chapter II to cargo handling and passenger services
	128	National extensions to other port services
	129	Regime of dredging
5		The provision of port services
5.1		Principles
	130	Overview of provisions
	131	Relationship between freedom and restrictions. No reversal of the logic of the Treaty
	132	Overview of six alternative market organization models allowed under the Regulation
	133	Principle of access to port facilities, installations and equipment

134	Port facilities, installations and equipment to which access should be granted
135	Beneficiaries of access to facilities, installations and equipment
136	Which terms of access must be fair, reasonable and non-discriminatory
137	Meaning of 'fair, reasonable and non-discriminatory'
138	Other freedoms and user rights unaffected
139	Permissibility of subcontracting
5.2	Minimum requirements
140	Overview of provisions
141	Rationale of market organization model
142	Power to introduce minimum requirements
143	Notion of 'managing body of the port'
144	Notion of 'competent authority'
145	Notion of 'Member States'
146	Neutrality of Regulation vis-à-vis national port governance models
147	Notion of 'provider of port services'. Natural and legal persons
148	Notion of 'provider of port services'. Remuneration requirement
149	Notion of 'provider of port services'. Categories of services and their components
150	Notion of 'provider of port services'. Subcontractors
151	Nationality and place of establishment of port service provider and recipient
152	Applicability of minimum requirements regardless of cross-border service provision and of establishment
153	Reciprocity with non-EU countries
154	Introduction of minimum requirements optional. Position where no minimum requirements apply
155	Minimum requirements v. general requirements (including port regulations)
156	Permissible subject-matter of minimum requirements. Overview
157	Permissible subject-matter of minimum requirements. Discretion of port managing bodies and limits to it
158	Permissible subject-matter of minimum requirements. Exhaustive character of the list
159	Requirements in relation to professional qualifications
160	Requirements in relation to financial capacity
161	Requirements in relation to equipment
162	Requirements in relation to continuous availability for all users
163	Requirements in relation to safety and security
164	Requirements in relation to the environment
165	Requirements in relation to social and labour law
166	Requirements in relation to good repute
167	Flag requirement for towage and mooring vessels
168	Permissible scope of minimum requirements. Sub-contracting
169	Minimum requirements for managing bodies of ports
170	Substantive requirements for minimum requirements. Overview
171	Substantive requirements for minimum requirements. Rationale and scope
172	Substantive requirements for minimum requirements. Transparency
173	Substantive requirements for minimum requirements. Objectivity

174	Substantive requirements for minimum requirements. Non-discrimination
175	Substantive requirements for minimum requirements. Proportionality
176	Substantive requirements for minimum requirements. Relevance
177	Territorial validity
178	Mutual recognition
179	Non-duplication
180	Burden of proof
181	Access to information relating to knowledge of local conditions
182	Publication of minimum requirements and authorization procedure
183	Information on changes in criteria or procedure
184	Procedural rules for granting of right to provide a port service. Overview
185	Procedural rules for granting of right to provide a port service. Need to apply for and obtain formal decision
186	Procedural rules for granting of right to provide a port service. Right to provide the service when all requirements are met. Automatism principle
187	Procedural rules for granting of right to provide a port service. Form of the right to provide the service. Authorizations, licences, contracts and land use rights
188	Procedural rules for granting of right to provide a port service. Transparency, objectivity, non-discrimination and proportionality
189	Procedural rules for granting of right to provide a port service. Burden of proof
190	Procedural rules for granting of right to provide a port service. Time limit for decision to grant or refuse right to provide service
191	Procedural rules for granting of right to provide a port service. Justification of refusals
192	Procedural rules for granting of right to provide a port service. Limitation or termination of the right
5.3	Limitations on the number of providers
193	Overview of provisions
194	Rationale of market organization model
195	Notion of a 'limitation' of the number of providers. Analysis
196	Notion of a 'limitation' of the number of providers. Conclusion
197	Combination with minimum requirements
198	Power to introduce limitations
199	Permissible reasons to introduce limitations. Overview
200	Permissible reasons to introduce limitations. Exhaustive character of the list
201	Scarcity or reservation of land or water surface
202	No minimum of two service providers in the case of space constraints
203	Public service obligations
204	Safety, security or environmental sustainability
205	Characteristics of port infrastructure or nature of port traffic
206	Activities directly exposed to competition
207	Substantive requirements for limitations
208	Burden of proof
209	Procedural rules for the introduction of limitations and selection procedure. Overview
210	Publication of proposal to limit number of providers
211	Publication of decision to limit number of providers

212	Obligation of organizing open selection procedure
213	Meaning of 'selection procedure'. Need for competitive test
214	Substantive requirements for selection procedure. Openness, non-discrimination and transparency
215	Publication of information on open selection procedure
216	Deadline for applications and further features of open selection procedure
217	No additional national rules on open selection procedure allowed
218	Classification of authorizations, permissions, rights, contracts, public contracts, concessions and leases
219	Exemptions from obligation to organize open selection procedure. Overview
220	Exception for small cargo ports
221	Internal service provision
222	Requirement to conduct new selection procedure in the case of amendments to existing contracts
223	Duration and renewal of rights
224	Selection of cargo and passenger terminal operators. Reference to 'main principles' of the Treaty
225	Selection of cargo and passenger terminal operators. Practical implications of the Treaty principles
226	Implications for selection of port operators of Commission's State aid guidance and decision practice
227	Implications for selection of port operators of EU State Aid General Block Exemption Regulation
228	Selection of pilotage providers
5.4	Public service obligations
229	Overview of provisions
230	Rationale of market organization model
231	Notion of 'public service obligation'
232	Power of Member States, port managing bodies or competent authorities to impose public service obligations
233	Potential obligors
234	Permissible subject-matters of public service obligation. Overview
235	Permissible subject-matters of public service obligation. Exhaustive character of the list
236	Universality and continuity
237	Availability to all users on equal terms
238	Affordability of the service for certain categories of users
239	Safety, security or environmental sustainability
240	Provision of adequate transport services to the public
241	Territorial cohesion
242	Compliance with social and labour law no public service obligation
243	General obligation to grant port access no public service obligation
244	Procedure to impose public service obligations
245	Combination with minimum requirements
246	Substantive requirements for public service obligations
247	Notification to Commission of nation-wide public service obligations
248	Compensation for performance of public service obligations
249	Emergency measures in the event of disruptions
5.5	Internal operators

	250	Overview of provisions
	251	Rationale of market organization model
	252	Right to act as ‘internal operator’
	253	Control of legally distinct entity
	254	Combination with minimum requirements
	255	Combination with a limitation scheme. Exclusive right of internal operator and conflict-of-interest rule
	256	‘Confinement’ rule
5.6		Employee rights
	257	Overview of provisions
	258	Rationale of labour regime
	259	Applicability of national social and labour rules
	260	Duty to oblige service providers to apply social and labour law
	261	Employee rights in case of change of service provider
	262	Mandatory statements on transfer of staff in tender documents and port service contracts
	263	Change of provider of exempted services
	264	Training of staff
	265	Impact of Regulation on dock labour
6		Financial transparency and autonomy
6.1		Principles
	266	Overview of provisions
6.2		Transparency of public funding
	267	Overview of provisions
	268	Rationale of transparency regime
	269	Relationship between EU Seaports Regulation and EU Transparency Directive
	270	Transparency of public funding
	271	Separation of accounts
	272	Transitional regime in case of newly introduced public funding
	273	Exception for small cargo ports
	274	Duty to keep financial information for five years
	275	Duty to make financial information available to relevant authorities
	276	Notion of ‘relevant authority’
	277	Duty to show public service compensation separately and prohibition on transferring it to other services or activities
	278	Relationship between EU Seaports Regulation and State aid rules
6.3		Port service charges
	279	Overview of provisions
	280	Rationale of port service charges regime
	281	Notion of ‘port service charge’
	282	Scope of substantive requirements. Principle
	283	Notion of an ‘internal operator under a public service obligation’
	284	Notion of ‘pilotage services that are not exposed to effective competition’
	285	Notion of ‘providers of port services whose number has been limited in order to ensure the performance of public service obligations’
	286	Substantive requirements for port service charges. Overview
	287	Substantive requirements for port service charges. Quid-pro-quo rule
	288	Substantive requirements for port service charges. Transparency
	289	Substantive requirements for port service charges. Objectivity

	290	Substantive requirements for port service charges. Non-discrimination
	291	Substantive requirements for port service charges. Proportionality
	292	Substantive requirements for port service charges v. requirements following from EU Port Reception Facilities Directive
	293	Integration of port service charges into other payments
	294	Duty to make underlying information available to relevant authorities
	295	Reservation regarding competition law and sector-specific price regulation
	296	Transparency of cargo terminal charges in TEN-T ports
6.4		Port infrastructure charges
	297	Overview of provisions
	298	Rationale of port infrastructure charges regime
	299	Notion of 'port infrastructure charge'
	300	Obligation to levy port infrastructure charge
	301	Integration of port infrastructure charges into other payments
	302	Procedural and substantive requirements for port infrastructure charges. Overview
	303	Procedural requirements for port infrastructure charges. Tariff-setting power of port managing bodies v. competent authorities. Analysis
	304	Procedural requirements for port infrastructure charges. Tariff-setting power of port managing bodies v. competent authorities. Conclusion
	305	Procedural requirements for port infrastructure charges. No implications for financial objectives of port managing bodies
	306	Procedural requirements for port infrastructure charges. Managing body controlling more than one port
	307	Procedural requirements for port infrastructure charges. Control of tariff-setting decisions by supervisory or regulatory authorities
	308	Procedural requirements for port infrastructure charges. Collection of revenues by port managing body or competent authority
	309	Substantive requirements for port infrastructure charges. Normative implications of references to 'the port's own commercial strategy', 'investment plans', 'the general ports policy of the Member State' and the port's 'charging policy'. Fiscal v. market orientation of charging system
	310	Levy of port infrastructure charge to pre-finance future investments
	311	Substantive requirements for port infrastructure charges. Reference to 'competition rules'
	312	Substantive requirements for port infrastructure charges. Practical implications of competition rules
	313	Substantive requirements for port infrastructure charges. Application of the free movement rules
	314	Substantive requirements for port infrastructure charges. Application of the Treaty rules on internal taxation
	315	Substantive requirements for port infrastructure charges. Significance of 'definitional' Recital mentioning transparency, non-discrimination and quid-pro-quo rule
	316	Substantive requirements for port infrastructure charges. Transparency
	317	Substantive requirements for port infrastructure charges. Objectivity
	318	Substantive requirements for port infrastructure charges. Non-discrimination
	319	Substantive requirements for port infrastructure charges. Proportionality and quid-pro-quo rule

320	'Structure' and 'level' of port infrastructure charges
321	Terms and Conditions etc.
322	Permissibility of tariff differentiations. Principle
323	Exhaustive character of list of differentiations
324	Incentives v. penalties
325	Tariff differentiations (including zero rates) in relation to 'certain categories of users'
326	Tariff differentiations to promote 'a more efficient use of the port infrastructure'
327	Tariff differentiations to promote 'short sea shipping'
328	Tariff differentiations to promote 'a high environmental performance, energy efficiency or carbon efficiency of transport operations'
329	Substantive requirements for tariff differentiations. Overview
330	Substantive requirements for tariff differentiations. Reference to 'the port's own economic strategy' and 'its spatial planning policy'
331	Substantive requirements for tariff differentiations. Transparency
332	Substantive requirements for tariff differentiations. Objectivity
333	Substantive requirements for tariff differentiations. Non-discrimination
334	Substantive requirements for tariff differentiations. Proportionality principle
335	Substantive requirements for tariff differentiations. Reference to 'competition law, including rules on State aid'
336	External costs
337	Commercial practices
338	Procedural requirements for port infrastructure charges and differentiations. Overview
339	Information to port users
340	Individual commercial differentiations
341	Duty to make underlying information available to relevant authorities

7 Procedural guarantees

7.1 Principles

342	Overview of provisions
-----	------------------------

7.2 Consultation and information

343	Overview of provisions
344	Rationale of consultation and information regime
345	Consultation of port users on charges. Principle
346	Consultation of port users on charges. Responsibility of port managing body
347	Consultation of port users on charges. Consultees
348	Consultation of port users on charges. Subject-matter
349	Consultation of port users and stakeholders on essential port management-related matters. Principle
350	Consultation of port users and stakeholders on essential port management-related matters. Responsibility of port managing body
351	Consultation of port users and stakeholders on essential port management-related matters. Consultees
352	Consultation of port users and stakeholders on essential port management-related matters. General definition of subject-matter
353	Consultation of port users and stakeholders on essential port management-related matters. Charging-related matters

	354	Consultation of port users and stakeholders on essential port management-related matters. 'Coordination of port services'
	355	Consultation of port users and stakeholders on essential port management-related matters. 'Connections with the hinterland'
	356	Consultation of port users and stakeholders on essential port management-related matters. 'Efficiency of administrative procedures'
	357	Consultation of port users and stakeholders on essential port management-related matters. 'Environmental matters'
	358	Consultation of port users and stakeholders on essential port management-related matters. 'Spatial planning'
	359	Consultation of port users and stakeholders on essential port management-related matters. 'Safety in the port area'
	360	Consultation procedure not regulated
	361	Results of consultation not meant to be binding
	362	Information for port users on port service charges
	363	Confidentiality of commercially sensitive information
7.3		Complaints handling
	364	Overview of provisions
	365	Rationale of complaints handling regime
	366	Obligation to put in place effective complaints handling procedure
	367	Subject-matter of complaints handling procedure
	368	Effectiveness
	369	Independence of complaint handling body
	370	Designation as complaint handling authority of existing authorities
	371	Impartiality and transparency of complaints handling procedure
	372	Capacity of complainants. No requirement that complainants show a 'legitimate interest'
	373	Respect of 'the right to freely conduct business'
	374	Information on complaints handling mechanism for users and stakeholders
	375	Territorial competence of complaint handling body
	376	International cooperation between complaint handling authorities
	377	Power of complaint handling authorities to request information
	378	Power of complaint handling authorities to take binding decisions
	379	Information of European Commission on complaint handling authorities and procedure
	380	Exchange of information between Member States
	381	Issuance of opinions
	382	Consultation of port users
7.4		Appeals
	383	Right to appeal before an independent body
	384	Obligation on appeal body to give reasons
	385	Review of appeal decisions by national courts
7.5		Penalties
	386	Duty to introduce effective, proportionate and dissuasive penalties
	387	Potential offenders
	388	Infringements for which penalties must be introduced
	389	Types of penalties
	390	Sanctioning authorities
	391	EU Member State liability unaffected
7.6		Privacy

392 Processing of personal data

8 Critical assessment

- 393 The conclusion of a desperate debate
- 394 The keystone of EU port policy
- 395 A well prepared initiative
- 396 Faithful implementation of the initial policy objectives
- 397 Clarification and consolidation of Treaty principles
- 398 The 'regulatory toolbox' that avoids messing things up
- 399 A liberalization law that does (not?) liberalize
- 400 Risk of red tape and legal uncertainty
- 401 Remaining port policy issues
- 402 In conclusion, good luck and happy sailing!
